

Winston-Salem State University Course Evaluation

As you fill out this evaluation, please consider all questions carefully for THIS course, and answer as honestly as you can. The survey will not have any bearing on your grade; the instructor(s) will receive a summary report of all responses AFTER the grades are due. Instructors use these evaluations to make changes and improvements to their teaching methods and the course itself. Department chairs *may* use these evaluations to assess instructors for annual reviews. For these reasons it is important that you complete every evaluation and give as much feedback as possible.
