STATE UNIVERSITY

MEETING OF THE BOARD OF TRUSTEES
Audit, Risk, and Compliance Committee
Thursday, March 15, 2018
10 – 11:30 AM

AGENDA ITEM

2018 OSHR Outreach Visit Review of EHS.....presented by Aaron Leftwich, EHS Director

Summary: In 2016, the State of NC OSHR Division determined they would begin outreach reviews of all Safety areas, statewide, beginning with schools in the UNC System.

These reviews began in late 2016, and the process has since been revised through the advice of the UNC System Office. The examiner will visit each campus within an established time frame pre-determined by OSHR and the respective University EHS Director. The examiner will review up to four areas of responsibility (program management functions) that the EHS Director has provided for evaluation purposes. The tentative date for WSSU is April 3rd. The EHS Director from NC A&T State University will accompany the examiner.

Action: None. For informational purposes only.
