

# WINSTON-SALEM STATE UNIVERSITY

The Renew gown is known for being the best keeper gown green offering in the industry. One Renew Custom Keeper gown saves 29 bottles from the landfill - the highest industry standard for green gowns. By choosing Renew, you are positively impacting the environment.

The Renew fabric is certified as being manufactured from 100% post consumer materials. By using these materials, your institution generates demand for recycled materials, creates jobs and reduces the amount of materials that go into landfills.
